ANTI-POLLUTION

Micro dust, environmental stress and pollution, frequent shaving, sebum and sweat irritates the skin of gentlemen today.

URBALYS® helps to detox, purify, restore balance, smooth texture, radiance, and protect skin.

about URBALYS®
(INCI Name: Schizandra Chinensis Extract)

Also known as 'Omija' in Korea (literally meaning Berry with Five Tastes – sweet, sour, bitter, salty, and spicy), it has been used as an ancient Oriental Herbal Medicine and is also a popular tea drink.

URBALYS® from Greentech France, a pioneer in plant biotechnology, has a high content of lignans (large group of polyphenols), particularly schisandrin, which demonstrated antioxidant, anti-inflammatory and adaptogenic properties (adaptogen is a nontoxic substance, especially a plant extract that helps to increase the body's ability to resist the damaging effects of stress and promote or restore normal physiological balance)
